Grit Score: 65

* The Grit Score is an indicative measure of an individual's tenacity and determination to persevere in the face of adversity and overcome obstacles towards achieving long-term goals. There is no good or bad score as both a high and low value offer unique perspectives.

Software Engineering Internship

📞 +27 73 063 3069   ✉ simanyesomdaka@gmail.com   📍 Cape Town, South Africa   in 🗂

Summary

An ICT developer with hands-on experience in web development, specializing in Vue.js, HTML, CSS, and Node.js. Skilled in delivering user-focused solutions and committed to continuous improvement and professional growth.

Experience

Software Engineering Internship   Sep 2024 - Feb 2025 (4 months 12 days)
LC Studio
As a Software Engineering Intern at LC Studio, I am honing my C++ and Python skills, contributing to agile software projects, and expanding my cloud computing knowledge through AWS Cloud Practitioner classes. I collaborate with senior engineers to develop solutions that follow industry best practices.

Qualifications

National Diploma - Information and Communication Technology - Applications Development   Feb 2025
Cape Technikon
Undergraduate

Oaklands Secondary School   Completed: 2023

Professional Associations

AWS Cloud Practitioner
2024

CISCO Networking Essentials
2024

Cisco Certified Network Associate (CCNA)
2024
